Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting \$1,750,000 of funding for the Alivio Medical Center's Modernization of Community Health Center project in Fiscal Year 2027. The entity to receive funding for this project is Alivio Medical Center, located at 966 W. 21st Street, Chicago, IL 60608. The funding would be used to effectively serve this medical population and meet growing demand, Alivio must modernize its aging facilities and care delivery systems. These upgrades will improve operational efficiency, enhance patient privacy and safety, and expand capacity by adding waiting areas and exam rooms, enabling Alivio to serve more patients in a timely and effective manner. The project is an appropriate use of taxpayer funds because it directly invests in health care infrastructure that improves the quality and efficiency of care delivery, and expands access to essential health services. Alivio's goals through this project align with the mission of the Health Resources and Services Administration to protect and improve the health and well-being of Americans.

The project has a federal nexus because the funding provided is for purposes authorized under the Public Health Service Act.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Jesús G. "Chuy" García  
Member of Congress  
Illinois' 4th Congressional District
