Dear Chairman Cole and Ranking Member DeLauro,

I am requesting \$1,140,000 of funding for the Berwyn Township Health Infrastructure Improvement project in Fiscal Year 2027. The entity to receive funding for this project is Township of Berwyn, located at 6600 W. 26th Street, Berwyn, Illinois 60402. The funding would be used by the Township to modernize its joint facility with the Berwyn Public Health District. The project will renovate interior space to create additional rooms, increasing the district's capacity to provide support for residents of all ages. Expanding access to health services and creating supportive wellness environments will promote emotional resilience, physical health, and community connection. The project is an appropriate use of taxpayer funds because it invests in essential public health infrastructure that expands access to health services, improves facility capacity and efficiency, and provides safe, accessible spaces for preventive care and community wellness. Funding this project represents a high-value federal investment in public health infrastructure, mental health access, and preventive wellness.

The project has a federal nexus because the funding provided is for purposes authorized under the Public Health Service Act.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Jesús G. "Chuy" García
